

RESSOURCES COMMUNAUTAIRES OMEGA
OMEGA COMMUNITY RESOURCES

It is with great pleasure that I announce the appointment of Mr. Chad Polito as Chairman of the Board of Directors of Omega Community Resources. Mr. Polito brings with him extensive experience in the nonprofit sector and philanthropy, as well as proven expertise in fundraising, organizational leadership, and strategic management.

Holding a master's degree in Nonprofit Management from Regis University, Mr. Polito has distinguished himself throughout his career by leading teams and cultivating strong relationships with donors, foundations, and businesses. He has held leadership positions in various organizations, such as the Pierrefonds Community Project, BGC Dawson, and Le Centre Accroche. Since January 2024, he has been the Interim Director of the Philanthropy Office at Shriners Hospital for Children in Montreal, where he spearheaded major philanthropic strategies, significantly increasing donations and partnerships.

A member of the Omega Community Resources Board of Directors since September 2024, Mr. Polito stands out for his thoroughness, strong organizational skills, and collaborative approach. His expertise in philanthropy, governance, and organizational development, combined with his commitment to mental health, are invaluable assets to our organization. He also has solid expertise in donor relations management, strategic planning, and organizational capacity building, as demonstrated by his mastery of tools such as Blackbaud CRM and his ability to mobilize resources to achieve ambitious goals.

We are confident that under his leadership, the Board of Directors will become even stronger and that his positive leadership will allow us to pursue our organization's mission with even greater efficiency.

We warmly welcome him to his new role.

Catherine Letarte

Executive director
